

## LOCAL NEWS.

THE CENTRE MARKET was unusually well attended on Saturday morning last, notwithstanding the extreme coldness of the morning, both by sellers and buyers. The good things of life were there in abundance—venison, pheasants, partridges, wild and tame turkeys, &c.—and sold at moderate prices. Our butchers, too, displayed upon their shambles some of the best beef ever brought to market; that of Mr. Crowley, grazed and fed by Jos. Tidball and H. Rodgers, of Fauquier county; that of Messrs. John Walker, Henry Walker, and W. D. Bell, grazed and fed by that prince of graziers, Jas. Parsons of Hampshire co.; and that of Mr. Linkins, and Mr. Wilson, grazed and fed by A. A. Inskip, of Hardy co.; fully sustained the well-earned reputation of those gentlemen, and did credit to the grazing and feeding counties of Virginia. They deserved praise for the liberal manner in which they usually, and particularly in this instance, endeavor to supply the market with the best stock that can be purchased, and that, too, without any increase in the price—a very important consideration. Our thanks to friend Crowley for the choice cut of the Fauquier beef, and we can assure him that it is, as it looks upon his stall, fit for a prince.

EGYPT.—The last of the series of lectures by Mr. Gliddon on this interesting subject will be delivered this evening at Carusi's saloon.

FAIR FOR THE BENEFIT OF THE ENGLISH LUTHERAN CHURCH.—The ladies attached to the English Evangelical Lutheran congregation propose to hold a fair for the purpose of procuring funds to aid in the erection of a house of worship, the congregation being at present destitute of a permanent place of worship. It is proposed to hold their fair at the Apollo Hall, commencing on the 15th instant, when will be sold useful and fancy articles, and refreshments of every variety. It will be open every day and evening, and continue at least two weeks.

To the Christian portion of this community they confidently appeal for their approving assistance, and to the citizens and strangers generally they tender a cordial invitation, that by their benevolent purchases they may contribute to the praiseworthy object of rearing another temple in this city to the worship and service of the living God.

An excellent and well tried band of musicians will perform every evening in the hall. Jan 12

NOTICE.—The Campbells are coming! Hard to beat! Fair play and no goings!—No monopoly!—BEEF! BEEF! BEEF!—To my old friends and fellow citizens, and the public generally—I return thanks to you all for the kind patronage you have extended to me since I have catered for you in the Centre Market, and now make known to you that I (in addition to my stalls in old Centre Market, next to Mr. James Rhodes's, and opposite Frederick Hagar's) have a store on the corner of 6th street and Pennsylvania avenue, where, at all times, I have on hand the best assortment of Beef, both fresh and salt, that can be procured in this city. I now have for slaughter 80 head of fat cattle raised and fed by Hamilton Rodgers, Esq., and 60 head of spayed heifers, raised and fed by Tidball, (both of which gentlemen are the best feeders of cattle in Virginia.) and drove with the greatest care by Robert L. Armistead and Bascable, and purchased for me by a gentleman of this city who is admitted to be the best judge of good Beef in the United States; and will have, commencing on Saturday morning, and continuing each market morning thereafter, a portion of said extraordinary fine Beef, at 64 cents per pound, first cuts.

All boarding houses and families who are fond of good living will give me a call, for I am convinced if you once call you will assuredly purchase. P. CROWLEY. Jan 29—eo3w

## TWENTY-EIGHTH CONGRESS,

FIRST SESSION.  
SATURDAY, JANUARY 27, 1844.  
SENATE.  
The Senate did not sit to-day.

## HOUSE OF REPRESENTATIVES.

Mr. C. JOHNSON made some movement, but whether against reporters or claimants, we could not distinctly hear.

Mr. WISE made a special report on the subject of the rule and orders, which, on his motion, was ordered to be printed.

Mr. BLACK, of Ga., sent to the Clerk's desk a paper which he desired to have read for information; after some objection by various members, the paper was read, and proved to be a resolution for the employing, and paying by the House, a regular corps of reporters, whose duty should be to correctly and literally report the proceedings of the House. The resolution was objected to, and, therefore, was not received.

## ORDERS OF THE DAY.

Mr. ADAMS called for the regular business, and the discussion of the 25th rule was continued by Mr. WRIGHT, of Ia., who defended the right of petition, as an original right, which depended neither upon constitutions nor edicts, but belonged to man as man. He had never seen a notice of a meeting, or call for one, of the Liberty party, or Abolition party, which was not heralded as a meeting in behalf of the right of petition. He wished to have the issue changed. Do away with this rule, receive these petitions, and then let the question be no longer about the right of petition.

Mr. STILES, of Ga. spoke next, and, of course, defended the 25th rule. He retained the floor until the morning hour expired.

Executive communications were received, principally from the War Department, one in reference to the Florida Indians, and another about the Delaware Breakwater. One from the President covered a communication from Chevalier D'Argais respecting the schooner Amistad.

Mr. BLACK, of Ga., moved a suspension of the rules, to get in the resolution, above referred to, in reference to reporters.

## PRIVATE BILLS.

Mr. THOMPSON, of Miss., moved that the House go into Committee of the Whole, and take up the calendar of private bills.

A large number of private bills were read, and laid aside to be favorably reported to the House. And then the House adjourned.

TO THE CRAFT.—The undersigned, formerly workmen on the "Capitol" newspaper, caution their fellow-craftsmen against accepting employment in that office. They have cheated us out of our hard-earned dues, having worked about eighteen hours each day; and now, as a last resort, avow themselves what we know them by experience to be, *Reputations*. They have joined the Locofocos, in hope of being thus enabled to defraud more of the craft. We also caution the Public against that concern, because we believe they will serve them as they have us—if you trust them, you will be swindled.

## PERIFOCA, OR AMERICAN PERISCOPIC SPECTACLES.

SUPERIOR to any other kind in use, constructed in accordance with the philosophy of Nature, in the peculiar form of a CONCAVO-CONVEX ELLIPSE; admirably adapted to the organs of Sight, and perfectly natural to the Eye; affording altogether the best artificial help to the human vision ever invented. They are manufactured only by H. M. PAINE & Co., Massachusetts and can be obtained in this city of

S. MASI,  
At his store on Pennsylvania avenue, near Gadsby's, to whom we have consigned a large assortment, suited to every age and condition of the eye.

The Perifocal Glasses can be used for the greatest length of time, either by day or night, with perfect ease, (when selected to suit the state of the eye) and never cause that giddiness of the head, or unpleasant sensation to the eyes, that many experience from using the common kind, but tend to strengthen and improve the sight; as will be seen by the numerous testimonials from those who have used them, which can be examined by calling as above. We ask particular attention to the following certificate:

PHILADELPHIA, March 1, 1843.  
I have recommended the Perifocal Spectacles to several patients, and have received from most of them warm encomiums upon the article. They assert that these Glasses do not fatigue the eyes by long use, as is apt to be the case with the double convex Spectacles, while the command of the eyes over the objects of vision is much greater. This corresponds with the opinion any optician would form from his knowledge of the principles upon which these Glasses are adjusted—so as to converge the rays coming from different quarters to the same focal distance. The eyes can be turned to a considerable extent, therefore, under these Glasses, without involving the necessity of moving the head.

GEO. McLELLAN, M. D.,  
148 Walnut street.

Perifocal Glasses put into other spectacle frames.

N. B. All persons not satisfied with these Glasses after making trial of them, are particularly requested to have them exchanged until suited.

Fresh wounds or old sores are rapidly cured by it.

## DEAFNESS.

Dr. McNAIR'S ACOUSTIC OIL.—Those deaf from infancy often receive, in a most miraculous manner, their hearing when they least expect it, by some trifling accident or event, which shows them how easily they might have much sooner had their hearing, and saved themselves and their friends the pain of conversing in a loud tone, without pleasure, or of being neglected and shunned, to avoid that distress which is felt mutually by the deaf person and his hearers. How sacred a duty, therefore, it is that we use all necessary means to remove such an affliction, and enjoy the social qualities implanted in our natures! This EAR OIL has the effect so to relieve the tension, and bring into use the natural action of the parts, so as to restore the hearing when lost or impaired. This is proved by so many and well-known cases, that, where known, it needs no praise. The great wish of the proprietor is, that each may speak to others of its uncommon virtues, till sufferers may know, and be relieved and restored by its use. This will be done in all cases of recent DEAFNESS and many of long standing. ALL DEAF PERSONS should use this Oil! It will relieve at once, or, if DEAFNESS is just commencing, will remove the cause and check its progress. Those who have been long deaf should continue its application a few weeks to hear well. Each flask has full directions for use attached to it.

## AVOID ANY IMITATIONS.

The true may be known by my signature on the flask. The copyright secured as follows:  
"Entered according to Act of Congress, A. D. 1841, by Comstock & Co., in the Clerk's Office of the District Court of the United States for the Southern District of New York."

TO ALL THE WORLD WHO USE LEATHER IN ANY FORM.

## OIL OF TANNIN, OR LEATHER RESTORER.

A NEW CHEMICAL DISCOVERY.

Most people know that skins and hides are converted into leather by the use of Tannin extracted from certain barks, &c.

When the force and strength of the Tannin is worn out, leather becomes dead, hard dry, brittle, cracked, covered with a crust, &c. THUS ALL KNOW. To restore, then, life, softness, moistness, strength smoothness, and remove all crust, fly, or blister—restore the tannin. This substance the leather never can receive the second time; but the whole virtues of it are in this article, the OIL OF TANNIN—which penetrates the stiffest and hardest leather, if it has been twenty years in use; and if it tears easily with the fingers, it imparts at once a strength that is utterly incredible until seen. It becomes like new leather, in all respects, with a delightful softness and polish, and makes all leather completely and perfectly impervious to water—particularly boots, shoes, carriage-tops, harness, horse, trunks, and in fact all things made of leather, giving a splendid polish, even higher than new leather has, and at least doubling its wear and durability, in whatever manner the leather is used. THESE ARE FACTS.

Those who will wear old shoes, groan with corns, ride with old carriage-tops—have old harness, and throw them away half used—look filthy themselves and all about them—expend double what is necessary for articles of leather to their hearts' content, for what we care, if their prejudices are so strong, they will not try a new discovery. We have no favors to ask of them, they are the greatest sufferers, and we beg for nobody's custom or patronage. Now, gentlemen, please yourselves.

None genuine unless with the fac simile signature of COMSTOCK & Co.
